Revisions to the Solicitation shall be made only via formally issued Amendments (i.e. Addenda). Only such written addenda shall constitute revisions to the Solicitation that are binding upon SRTA.

2.5 Amendments to Solicitation (Addenda) / Postponement of Proposal Submission Deadline

SRTA reserves the right to revise or amend the RFP up to the time set for the submission of proposals. Such revisions and amendments, if any, shall be announced by written addenda to the RFP. If an addendum significantly changes the RFP, the date set for the submission of proposals may be postponed by such number of days as in the opinion of SRTA shall enable potential Proposers to revise their proposals. In any case, the proposal submission deadline shall be at least five business days after the last addendum, and the addendum shall include an announcement of the new date, if applicable, for the submission of proposals.

Upon issuance, addenda will be considered part of the RFP and will prevail over inconsistent or conflicting provisions contained in the original RFP. Copies of all addenda will be made available on both the Georgia Procurement Registry web site at [http://ssl.doas.state.ga.us/PRSapp/PR_index.jsp](http://ssl.doas.state.ga.us/PRSapp/PR_index.jsp) and the SRTA web site at [http://www.srta.ga.gov/doing-business-with-us/](http://www.srta.ga.gov/doing-business-with-us/). This process will be repeated each time an addendum is made available by SRTA.

A valid e-mail address must be provided when requesting the original RFP in order for SRTA to notify potential Proposers of the availability of addenda. SRTA will not be responsible for a potential Proposer failing to receive notification of the availability of addenda if an invalid e-mail address is provided to SRTA. SRTA will only be responsible for providing notification of the availability of addenda to potential Proposers who directly request and receive copies of the original RFP document from SRTA.

Proposers shall acknowledge receipt of all addenda by completing and submitting Offer Document #3 (Acknowledgement of Addenda), included in this RFP, as part of its proposal. As with other required documentation, proposals that fail to reference receipt of addenda
by inclusion of Offer Document #3 (Acknowledgement of Addenda) may be excluded from consideration for a contract award.

2.6 Modification of Proposals

Except at the written request of SRTA, no proposal may be modified after the deadline for proposal submission identified in Section 2.1.

2.7 Single Response to Solicitation

If only one proposal is received in response to this RFP, a detailed cost analysis of the single proposal may be requested of the single Proposer. A cost analysis, evaluation, and/or audit of the proposal may also be performed by SRTA in order to determine if the proposal price is fair and reasonable. If SRTA determines that a cost analysis is required, the single Proposer must be prepared to provide, upon request, detailed summaries of estimated costs (i.e., labor, equipment, supplies, overhead costs, profit, etc.) and documentation supporting all cost elements.

2.8 Confidential / Proprietary Information

All proposals that are received by SRTA in response to this RFP will be considered public records subject to the Georgia Open Records Act and shall be presumed to be fully open to public inspection following award of a contract. If a Proposer believes a portion of the information submitted in its proposal constitutes a trade secret or is otherwise exempt from disclosure under Georgia state law, the Proposer may request that SRTA consider keeping confidential such information which the Proposer believes should be legally protected from disclosure. For such information to be so considered, the Proposer shall mark in **boldface** as “CONFIDENTIAL INFORMATION” the top and bottom of each page of its proposal that contains such information AND the Proposer shall provide the citation to the statutory provision that the Proposer believes legally exempts such information from being disclosed. Notwithstanding the Proposer’s claim of designation of information as a trade secret, the determination whether it is or not will be determined by SRTA under Georgia state law.

2.9 Reserved Rights

SRTA reserves the right to reject any and all proposals or any portion of a specific proposal for any reason. Issuance of this RFP and receipt of proposals does not commit SRTA to award a contract.

SRTA has the sole right to select the successful proposal(s) for contract award(s); to reject any proposal as unsatisfactory or non-responsive due to non-conformance with the requirements of this RFP; to cancel the solicitation and to advertise for new proposals; to award a contract(s) to other than the Proposer submitting the lowest cost proposal; or not to award a contract as a result of this RFP.

SRTA reserves the right to accept any proposal deemed to be in the best interest of the Commission and to waive any irregularities in any proposal that does not prejudice other Proposers. SRTA further reserves the right to negotiate with the Proposer(s) whose proposal(s) is considered by the Commission, to be most advantageous to the Commission and does not unduly place SRTA at risk from a legal perspective.
SRTA further reserves the right to retain all proposals submitted and to use any ideas or concepts in any proposal for any purpose regardless of whether that proposal is selected for contract award.

Proposals shall be submitted to SRTA on the most favorable of terms possible from the standpoint of cost, quality, and technical capability. No Proposer shall have any cause of action against SRTA or the Commission arising out of the methods by which proposals are evaluated.

In order to be eligible for contract award a proposal must meet all of the following criteria:

- A proposal shall be considered responsive if it conforms in all material aspects to the requirements of the solicitation at the scheduled time of submission and does not require further discussions with the Proposer.

The Evaluation Committee may choose to invite selected proposers to make presentations and participate in interviews with the committee prior to completing its ranking of proposals. It shall be at the discretion of the Proposal Evaluation Committee, in consultation with the Commission Chair, as to whether it will conduct interviews and as to how many and which Proposers will be invited to make presentations and participate in interviews with the committee.

4.2.4 Upon completion of the evaluation process by the Evaluation Committee, the firms will be ranked in descending order of recommendation. A recommendation to award a Contract to the Proposer who submitted the most advantageous proposal to SRTA, as solely determined by the Selection Committee, and that meets the standards for contract award specified in Section 4.1 above will be forwarded to the SRTA Executive Director.

4.2.5 The SRTA Executive Director may, at his or her sole discretion, delay consideration of the Recommendation for Contract Award or reject the recommendation and award the contract to another Proposer(s) or cancel the procurement altogether.

1. Background

During the 2017 legislative session, the Georgia House of Representatives passed House Resolution 848, which established the House Commission on Transit Governance and Funding (the “Commission”). The Commission has been tasked to undertake a study of the conditions, needs, issues, and problems related to providing a system of regional, integrated and comprehensive mass transportation and related facilities within the entire State of Georgia. To read the full text of House Resolution 848, please visit: http://www.legis.ga.gov/Legislation/20172018/170277.pdf

The Commission is seeking professional consulting services from qualified firms or teams of firms experienced in all phases of transit service planning/provisioning, financial planning public administration and/or management consulting. The purpose of this solicitation is to identify a qualified consultant to: 1) conduct a needs assessment for mass transportation within the State; 2) develop both short-term and long-term investment strategies for transit services; 3) assess the existing landscape of transit planning and coordination and provide recommendations for viable state and regional transit governance structures, and 4) develop a system-wide transportation plan for the State of Georgia. The Commission understands that the proposed solutions and recommendations may vary among Georgia’s various metropolitan and rural areas.

The State of Georgia currently has 15 Metropolitan Planning Organizations (MPOs) and 12 Regional Commissions. Each county within the State is part of a Regional Commission, but not all counties are part of a MPO. A map of the MPOs and Regional Commissions as well as their corresponding boundaries can be found here:

http://www.gampo.org/docs/georgia_regional_commissions_and_metropolitan_planning_organizations_boundaries.pdf. Proposers are asked to review the below tasks within the context of Georgia’s existing MPO and Regional Commission structure.

The objective of this Task is to identify potential short term actions and opportunities to address and advance transit needs throughout the State, while further in-depth work of the Commission (and the Consultant) is conducted. Recommendations set forth in the final report should be specific, measurable, actionable, financially realistic and time constrained in terms of their ability to be implemented or otherwise put in place within 12 months or less. The final report should address these attributes when discussing such recommendations.

**Deliverables:**
- Final Early Observations and Opportunities Report
- PowerPoint presentation summarizing the Report and its findings

### 3.4 Task 4a: Transit Funding Needs Assessment

The State of Georgia has 21 Federal Transit Administration (FTA) grant recipients, 14 urban transit systems and 114 rural transit programs each with varying capital and operational funding needs. Every qualifying transit service receives some amount of federal and state funding. Funding sources fall into four general categories: Farebox, Local taxes (typically property or sales tax), Federal Grants and State appropriations (state tax revenues and capital bond proceeds).

Consultant shall conduct a needs assessment of the capital and operational funding needs of the mass transportation services within the State. This needs assessment shall include all of the State’s existing Regional Commissions and address current needs as well as the State’s projected mass transportation needs through 2040.

Using this financial information, the Consultant will develop revenue projections from existing and potential funding sources and provide spreadsheet-based financial model(s) that integrates macroeconomic assumptions such as population growth projections, projected ridership demands, transit system service levels, operating and maintenance (O&M) costs, capital cost estimates for bus and high capacity transit improvements, etc. At the very least, the model should include forecasts of federal funding, potential funding from other sources and revenue available from known funding mechanisms such as existing dedicated revenue streams and TSPLOSTs.

The Consultant will facilitate financial workshops with the Commission and/or stakeholders identified by the Commission to build consensus on the reasonableness of assumptions used in the financial model. The Consultant may propose various regional transit investment financial scenarios in order to present various options for the Commission to consider. It may be necessary to adjust scenarios and conduct sensitivity tests with variations on assumptions. The assumptions and results for each scenario will be documented to support comparison and discussion. The Consultant will work with the Commission to evaluate and screen investment scenarios to select a preferred investment approach or scenario(s).

The Consultant will document the process and results of this effort in a technical memorandum and report for review and approval by the Commission. The report shall include an executive summary which provides a high-level overview of the technical memorandum, recommendations and analysis.

The proposed recommendations shall include methods for planning and coordinating between federal, state, and local governments and authorities, as well governance structure proposals that are designed to appropriately administer the funding approaches set forth under Tasks 4a & 4b. Each of the governance structure recommendations provided shall specifically focus on creating efficiency, improving mobility and improving the customer experience through a unified regional governance structure for mass transportation in metropolitan areas throughout the State. The proposed governance structure shall promote an integrated system of transit options irrespective of the presence of multiple transit operators.

Consultant shall provide 17 hard copies of the Governance Plan as well as electronic copies in both Word and PDF file formats.
