#### **About the State Road and Tollway Authority (SRTA)**

SRTA is a state-level, independent authority created to operate tolled transportation facilities within Georgia and act as the transportation financing arm for the state. SRTA manages the collection of tolls on Georgia's Express Lanes System through the use of Peach Pass. Peach Pass gives drivers access to all current and future Georgia toll facilities, including the I-85, I-75 South Metro, and Northwest Corridor Express Lanes and is accepted by Florida's SunPass system and North Carolina's Quick Pass system. In October 2019, SRTA reached over a million active Peach Pass tags. SRTA combined with the Georgia Regional Transportation Authority (GRTA) to jointly provide the services of both state authorities. The GRTA board continues to oversee developments of regional impact, air quality reporting and regional transportation plan approval.
